National Intelligence Council

MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

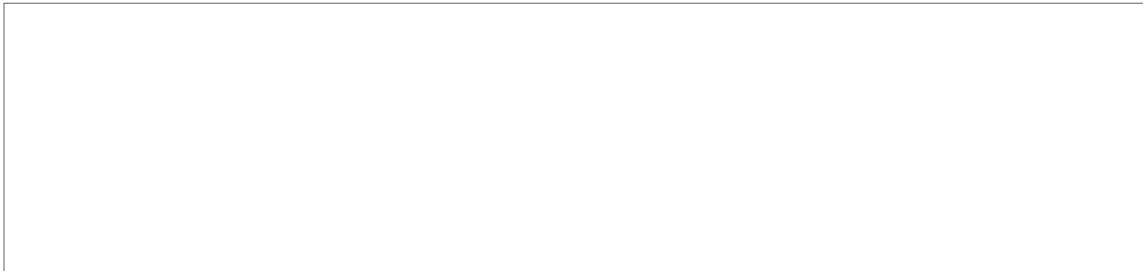

THROUGH : Chairman, National Intelligence Council

FROM : David D. Gries
National Intelligence Officer for East Asia

SUBJECT : Changes in Export Control Policy Towards China

1. Judge Clark wrote you on June 9 (Tab A) asking for a report on what changes if any were needed in CIA procedures in order to support an increased level of technology transfer to China. A White House press release (Tab B) announced publicly that China will be moved from Category P of the Export Administration Act to Category V.

2. CIA has a modest role as an individual agency, but a major role as a member of the Intelligence Community. Specifically, the Intelligence Community:

3. Since neither of these Intelligence Community functions requires adjustment in order to support increased levels of technology transfer, a response from you to Judge Clark is not required. Nevertheless, if the Intelligence Community wishes to remain a player on technology transfer issues, then it would be useful to make that point to the NSC. Please see a proposed response at Tab C.
